

ARIZONA BUILDING OFFICIALS

Your Ultimate Source for Building Code Education

Sponsorship Invitation

As Executive Chair of the **Arizona Building Officials (AZBO)**, I invite you to become a valued sponsor of our organization and partner with us in advancing building safety through education.

AZBO is a **501(c)(3) nonprofit organization** and an official chapter of the **International Code Council (ICC)**. Our mission is to provide high-quality education and professional development for building safety professionals throughout Arizona.

Our training programs help inspectors, plan reviewers, permit technicians, building officials, fire prevention professionals, and other code professionals maintain the certifications required for their positions while staying current with evolving building codes, construction practices, and life safety standards. In addition, we provide educational opportunities for architects, engineers, contractors, designers, and state regulatory agencies, creating a collaborative environment that strengthens Arizona's entire building industry.

We are committed to keeping registration fees affordable so professionals from jurisdictions of every size—from rural communities to large metropolitan agencies—can access the training they need. As demand for education continues to grow, we are expanding our programs and investing in new educational resources. These goals are possible only through the generous support of our sponsors.

We sincerely appreciate the organizations that have partnered with AZBO over the years. Your investment directly supports the education of the professionals responsible for protecting the health, safety, and well-being of Arizona's communities. We continually evaluate our sponsorship program to ensure it delivers meaningful value and visibility for our partners, and we welcome your feedback as we look to enhance our annual sponsorship benefits.

When you become an AZBO sponsor, you are investing in:

- Professional education for Arizona's building safety and construction community
- Development of future code professionals
- Advancement of building and fire safety through education and outreach
- Strong partnerships between public agencies and industry professionals

ARIZONA BUILDING OFFICIALS

Your Ultimate Source for Building Code Education

Your support helps ensure that Arizona's building professionals have access to the knowledge and resources necessary to serve their communities effectively. Sponsorship supports scholarships for important code and leadership education.

I invite you to join us in this important mission. Together, we can continue building safer communities through education, collaboration, and professional excellence.

If you have any questions about sponsorship opportunities or would like additional information, I would be pleased to speak with you.

Thank you for your consideration and support.

Sincerely,

Barbara Rice, CBO/CFM

AZBO Executive Chair
